INFORMATION FOR APPLYING TO UPPER DIVISION PHOTOGRAPHY PROGRAM

In September 2012, the Photography program at CSU Sacramento was approved for impaction status. This means that students are now required to apply for admittance to the upper division course sequence in the Photography program. This application process takes place in the spring semester of each year. The students who are admitted will spend the next four semesters taking a set sequence of upper division photography courses to complete their degrees. If you are a transfer student, acceptance into the program is dependent also on acceptance into CSU Sacramento.
